South 70th and West Oakwood Road

**Our next meeting is:
Wednesday, June, 1**
Waterstone Bank
6560 S. 27th Street
Franklin, WI

Boat Dumped!

Well, some people must have thought our field was a dump site for them, as they creped in and dumped an old boat in the woods just behind the john...

But our guys (mostly SWARM members) cut it up and hauled it away, but not until they had some fun with it... We really have a great bunch of fun guys!

Talk about a Monty crew of pirates! Note the six holes in the boat! Plus all the nuts in the boat!

My kind of crew!

Who needs water when you have a GMC pulling you! That's Captain Jeff Borowski providing the power

... Yeeee ahhhhh!

A SLOW START...

We're off to a slow start thanks to Mother Nature. Her wet and windy ways along with cold temperatures will no doubt change to hot and humid like switching on a light switch. The good news is, our sand bags held and did what they were supposed to do and we're ready to go flying once the weather settles down.

So if the bugs stay away, we'll be back at it in short order. Our equipment has been out and tested, in good shape and is ready to go. Now it's time to start enjoying our season. We also have several new faces waiting to get some stick time and join the club. Looks like our field will be a busy sight and soon.

Take care,
Tom Ryan,
aka... The Prez

***Vice President, Shawn Thomas, reports...**

"Seems to me that mother nature has been kind to us this spring . Seeing the devastation across the country has really put it into perspective and made me appreciate my time spent out at the field even more . So get out there and enjoy it every chance you get , we never no what tomorrow will bring."

***RAMS Field Administrator, Tom Young, reports...**

"On Sat. May 21st., members of the SWARM & RAMS clubs met about 10:00 to work together to take the walls down from the SWARM building, and do a general cleanup of the pits. All who showed up also pulled out a 16ft. fiberglass boat that someone stowed behind the outhouse, and also pulled out 3 metal stands that were stowed behind the garages that found their way to the dump. There was very little flying after as the skies opened up raining. A nice lunch at the Hideway followed with lots of stories. Sunday was a lot better day to fly, as there were a lot of fixed wing & heli pilots. Lets' all get out to our beautiful field, and have fun!! Be safe!"

***Field Manager, Chuck Beauchamp, reports...**

“The field is wet, darn you mother nature! I am trying to keep an area cut to fly from, but as of Thursday 5-26-11, the field was to wet to cut, and I will try again in a day or two.

Also, I am having to let the Field Manager Job go due to problems with my back and shoulder so...

Who would like to take over this job?????

I will help in the transition.

This is the only paid position in the club.

Please call me at 414-803-8189 “

***Safety Officer, Chuck Beauchamp, reports...**

“Nothing to report as of the day I am writing this.

Lets get out an have some fun.”
