## JULY FLYING FUN

### A Busy Month of Flying

July was a busy month for airplanes in Wisconsin. I will not say much; just let the pictures do the talking in this newsletter issue.

## SPECIAL ARRIVAL

### A350 Visits Milwaukee

Airbus's newest Airframe, the A350, took a tour of the USA and stopped in Milwaukee while on its way to perform at EAA AirVenture in Oshkosh.

## AMA INCREASING FEES

If you haven't heard yet at the club meetings or by email from the AMA, the AMA will be raising its dues next year. Open **membership dues will increase from \$58 to \$75 on September 15**. I suspect this is due to all the drone legislation. The AMA is, however, offering a special to lock-in at your current dues rate by renewing now or before September 14. And you have a choice to lock-in your dues for two years at \$113 and save an additional \$3.00.

FIELD REPORT

# Club Flying

Cessna 172 possibly

Zero

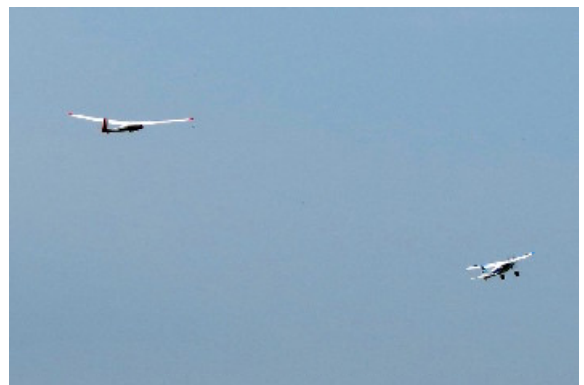

This was not a crash, but an amazing recovery.

RC plane towing an RC sailplane

... taking cutting the grass to a new level.

Actually worked well, too
