

The RAMS Horn

Monthly Recap

October in Review

October was over in a flash. The days are getting dark sooner and with the clocks falling back this weekend, this is the time of the year that I like to refer to as “no flying after work” season.

The field is looking great as ever and **Bob Glowienka** has mentioned that the grass might have been cut for the last time this year. It is still very green though, so we will see if it decides to grow any more.

Officer nominations are coming up at the December meeting!

President **Tim Welch** has already warned us that he will not be able to run for president next year. I think Tim has done a great job leading the club. Last year, it was very hard to get nominations for positions. I think we all appreciate **Tim and Mark Polzin** for accepting the new positions as president and vice president. I don't want to leave out our appreciation for **Tom Young** continuing to be our treasurer as well.

Oh, let's just make a list: Thank you to

Phil Schumacher for being our safety officer and instructor

Jeff Wisneski for being an instructor and assisting the president

Bob Glowienka for caring for our field beyond words

Jim Myszewski and Jeff Kraczek for your help at the field as well

Alan Borowski for tending our website

And other members helping out where you can. Hopefully I did not forget any of the regular jobs. Point is, we do have many members who help the club. We can certainly use more help when it comes to officer nominations. Many hands make light work. If you are interested, please consider running for a position in December.

NEXT MEETING

Wednesday Nov 3, 7:00 PM

Zoom Meeting ID:

870 1498 6486

Passcode: RAMS

2021 CLUB OFFICERS

President:

Tim Welch

 Swap Meet
 Jane Adams Community Center
 Cedarville, IL

01/30/2022, 8:30AM - 2PM
Milwaukee RC Association
 Annual Swap Meet
 Washington County Fair Grounds
 West Bend, WI

At the Field

Fall Flying

Here's what's been happening at the field:

Bob Glowienka has been flying his Sig Hog Bipe that he built from a kit and just finished up. It's going quite well.

Jose Maya is flying his Eflite DRACO, which shows up in the sky very well. It's a cool looking plane plus the landing gear has shocks that look like they are from an RC car.

Jim Myszewski has his Goldwing Edge 540 waiting in the pits. It's fast, light, and slows down incredibly well on landing. Everything you could want.
