# FLYING TIME AT LAST!

## Field Report

The rain certainly hasn't helped but then it hasn't shut the field down either.

Mark and his crew have done an excellent job in keeping the field flyable and open for those who want to come out fly.

The weeds, ruts and soft spots haven't been problematic and are under control, we just a little more co-operation from Mother Nature, so don't let the weather keep you away. Come on out!

## Editor Wanted

The Rams is still looking for a newsletter editor. So far no takers, so that now calls for desperate measures.

If you accept this job you will receive an all expense paid trip to Las Vegas (Iowa) and your own personal Villa (Jeff's 16 foot travel trailer) plus thousands of dollars (in coupons) from pick and save and his personal guarantee that you'll win big at the lottery, to prove it, you will also receive three Powerball tickets for the next drawing, personally selected for you by Jeff, how's that for an incentive. Hurry...Apply now!

## Combat Flying

The combat flying at the field seems to be catching on as more and more pilots are joining "Chicken Bill" (pictured here) as he

"Look at those dang fool teenagers, wearin' their pants hangin' down low like a coupla idiots!"

gets ready to go flying.

Combat flying has increased in popularity and there's plenty of it going on at the field. Check it out, this may be something new for you too?

JUNE 28TH 2013

# The Rams Horn

## New picnic tables now showing up!

Our president Jeff (what's his name) isn't just a pretty face, nope he can build picnic tables as well. Pictured here is Jeff's latest accomplishment as a master craftsman ( he told me to say that) but the reality is, he has built the first of our new replacement picnic tables and they're really well-built and functional. Jeff now has the templates to continue building these tables so as to replace all the old and worn out tables that have been in place these years. Jeff hasn't disclosed how many and how soon he'll replace all the tables but has indicated that in time 100% replacement is the goal.

- Need help with your building project? We're here to help!
- Looking for an instructor? We have them, ready and willing to get you started flying, just ask!
- Do you have questions on the club? Simply show up at the meeting and ask any questions you like, hopefully the leadership can answer any questions or concerns you have.
