FIELD REPORT

What's Going On in 2017

The RAMS Club already has some big plans for this year, and surely more ideas will come up as the year progresses. We are planning to put up our great, new Welcome sign in the spring when the ground thaws. We are also planning to replace our field entry gate and move it back into the drive to accommodate vehicles with trailers.

A brief recap from last meeting: Last year, the club ended with 64 members, which has been on par for the last several years. We elected our officers for 2017. They are **Jeff Borowski** for President, **Steve Ward** for Vice President, and **Tom Young** for Treasurer.

Mark Meyrose will be stepping down as the official field caretaker. We will need someone to take over this responsibility. There will be discussion at the next meeting and Mark will be there to answer any questions as to what all is involved. Mark will still be available to help out at the field when he is able. The position traditionally has paid the person in charge \$600 per year in 3 installments. That is almost like getting a nice new model each year.

The club was also asked by the SWARM club to hold a rotorcraft "friend" fly. Members voted and agreed that SWARM can use the whole field on July 22nd with rain date of July 23rd. Another reminder will be in the newsletter as the date gets closer. There are some other events that weekend for the fixed-wing guys to enjoy.

AROUND THE AREA

Upcoming Events

January 29

Green Bay Model Airplane Club**All RC Swap Meet**

Holy Cross School Gym

Green Bay, WI

8:30 AM – 12:00 PM

www.gbmac.com

Continued from Page 1

However the thaw came early in January and **Tim Welch** took advantage taking out his Sport Cub with floats.

BUILD SEASON

What Are You Working On?

Do you have a winter build project going on? Don't want to bring it to a meeting? No problem! Send the editor an email with some pictures of your project. (LEFT) **Mike McCullough** has opened the box and is going to start a Carl Goldberg Ultimate Biplane. (Right) **Jim Myszewski** is building a Top Flite Stinson Reliant that will one day look like this. I happened to see this at my hometown hobby shop last weekend.
