Monthly Recap:

January In Review

At the last meeting, the club voted on the club officer positions. The office of president will be held by Jeff Borowski, vice president by Steve Ward, and treasurer by Tom Young.

The Milwaukee County RC Association held its annual Swap Meet in a new venue. It was very busy and I think very successful. Compared to a couple of other swap meets that I attended in Illinois this season, it was much larger and had a better selection of items.

Some photos from a January flying day include Mike McCullough's P-51 Mustang with Skis. Because—why not?

Also Mike's Somethin' Extra which was a first run of a new Saito-72 four stroke. This engine gave this plane a real performance boost!

AROUND THE AREA

Upcoming Events

Real Airplane Event

2/10/2018, 10 AM - 1:30 PM

Show and Tell

Many Planes Being Built

Jeff Wisneski continues to update us on his BTE Reaction 54 build, this time bringing in his fuselage and KingTech turbine. Jeff's girlfriend, Angie, is also working on a 60 size trainer. Her wing half is also in the photo below.

**Renewal Reminder:**

It's that time of year again: Don't forget to renew your AMA membership if you have not done so already.

Also you may bring your application and payment to renew your RAMS membership to the next meeting.

Todd Schmitt brought in a 60 size Top Flight P-47 that he has been working on. The fuselage is fiberglass with primer right now. He is building up rivets and panels using a decal kit from a seller in Serbia. Once this is all painted over, all these details will really pop. The Jug will be powered by a DLE 20 gas engine.

Steve Ward brought in some rubber band models that he built with his nephew from some extra balsa.
