Monthly Recap

May In Review

There was some discussions during the last couple of meetings to determine if the club could allow a person to join having the AMA Park Flyer membership, rather than the Full membership. After some investigation, the answer is no. The Park Flyer coverage unfortunately does not meet the insurance requirements of Milwaukee County to use the land. The club leases the land from Milwaukee County on a yearly basis, and the county has set forth rules on the amounts of insurance coverage that each flyer must have.

Speaking of Milwaukee County, the club not only leases the land, but maintains it as well. This is where a large portion of our membership dues go. That is why it is important to join the club and keep an eye out for anyone who may be using the field that is not a member. Interested more about where your money goes? At each monthly meeting, we hear from our treasurer his report on our expenses. We want to encourage anyone who wants to know about the club—new members especially—to attend the monthly meetings.

The warm weather and flying season is officially here. The west end of the field is still drying out from some of the heavy rains this month. The grass out that way is just able to be cut, so be patient. We will have more field soon.

The month of May is probably best known for the Joe Nall Week event in the RC community. This year however, after only a few days into the event, it was cancelled due to the forecast of storms for several days. They are going to try again for Nall in the Fall at the end of September.

AROUND THE AREA

Upcoming Events

6/9/18, 10AM - 4PM

MARKS

RRCC Fun Fly

Union Grove, WI

Below: Bob Glowienka discharges an old fire extinguisher which had its safety pin broken off. This was good practice as we found the extinguisher was surprisingly harder to discharge than we thought.

Below: Mike McCullough brought in a Top Flight P-40 ARF, 60 size, for show and tell. Mike acquired this plane from a fellow modeler in Kansas City. 1300 miles and 20 hours later, it was home getting ready to take flight at the RAMS field (someday).
