**MILWAUKEE CO R/C  
ASSOCIATION DELEGATES**

Ron Szuta  
Bob Glowienka

# The RAMS Horn

**Monthly Recap**

## July In Review

The month of July brought a lot of full scale aircraft to Wisconsin!

First, our own **Milwaukee Air & Water Show** was held on July 21 - and was attempted on July 22, but was called off due to the weather. Saturday's show though featured many great performances. The Air Force Thunderbirds (below) finished the show with their spectacular, close formation flying.

Then, the following week, **EAA AirVenture** kicked off in Oshkosh. It was the year of the Tanker, so various air to air refueling tankers were featured, not to mention the thousands of other aircraft in attendance.

## AROUND THE AREA

## Upcoming Events

8//9/18 - 8/11/18

Charity Fly In

Menomonee Falls, WI

flyingelectrons.com

## Monthly Recap

## July In Review - Continued

Reminder: **Saturday, September 22** will be the RAMS members annual picnic, so save the date!

We discussed at a couple of meetings about extending the canopy on the RAMS side of the field. Several options were mentioned, including buying a shelter that is similar to the one on the SWARM side. We found some hardware in the shed that convinced us to extend the current shelter to the West and buy a new canopy for it.
