**MILWAUKEE CO R/C  
ASSOCIATION DELEGATES**

Tom Young  
Bob Glowienka

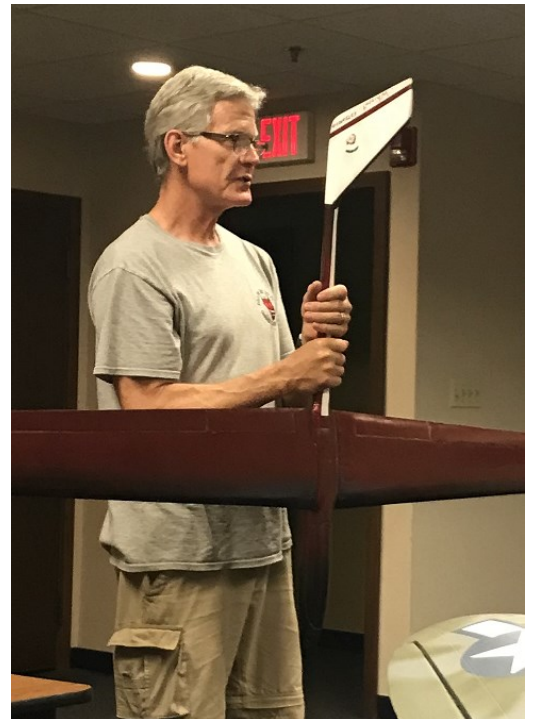

# The RAMS Horn

**Show and Tell**

## Slope Gliders and a P-47

► **Bryan Lorentzen** brought in several slope gliders to the May meeting. Many of his models use the “twisty wing” method of control where servos rotate each entire wing half and there are no control surfaces on the tail. Let’s not forget that the record for the fastest RC airplane is held by a glider.

▼ **Todd Schmitt** wowed us with the detail of his finished Top Flite P-47 kit. Powered by a DLE 20, Todd has gassed her up and made some taxi tests. Now we wait for good conditions to maiden.

AROUND THE AREA

Upcoming Events

## Monthly Recap

# June In Review

Field Report: We are still battling water on the West part of the field. The rest of the field is being cut and looking great! A big thanks goes out to **Mark Polzin** for donating parts for the Cub Cadet. Also thanks to **Jim Myszewski** and **Bob Glowienka** for getting these parts installed and making the mower functional again.

President **Jeff Wisneski** has been keeping busy instructing our newest members. **Angie Traut** is learning to fly on the Pandora (the club trainer). Angie is also building a .60 size trainer kit. **Mark MacDonald** maidenized his E-flite Pulse 15e.

Speaking of maidens, **Mike McCullough** had two first flights this month. First was the Phoenix Models Spitfire that he brought to the meeting in May. Second was a Great Planes PT-17 Stearman (flown by Bert and Ernie) that was acquired at a swap meet last winter.
