**Monthly Recap**

## September in Review

Fall is here and sadly the days are getting shorter. I've also noticed that the mosquitoes have finally found their way to the field (usually about an hour before sundown). But don't pack up your gear yet for the season! There's still plenty of good days left.

I was not at the field too much this month, so I am lacking on the pictures. However, I heard about three maidens that I am pretty excited about. **Jim Myszewski** flew his Hanger 9 Sukhoi. At 1/3 scale, it's a pretty big plane. Jim found this plane on Facebook marketplace, rebuild much of it, and also recovered it. **Bob Glowienka** flew his freshly finished, kit built Sig Hog Bipe. And last but not least, **Jeff Wisneski** flew his Bruce Tharp Venture 60, which was also kit built and quickly built too! We hope to see much more of these planes at the field.

We also got to enjoy our club picnic this year. Thanks to **Tim Welch** for sending me some pictures.
