Monthly Recap

April in Review

Have you driven into the field lately? Notice any bumps? The ride in is really smooth thanks to **Bob Glowienka** and **Jeff Krczek** grating and rolling the driveway.

Tim Sorensen brought in three planes that were donated to the club. These were a Hobbico Avistar, Great Planes Super Sportster, and unknown brand Corsair. These planes were free for the taking by anyone who wanted them. **David Gonzalez** also brought in a Great Planes Shoestring fuselage that was raffled off.

Roy Hippert very quickly got the Super Sportster up and running and it flew great.

Our bald eagle neighbor has been flying around the field and checking out the activity.

Mike McCullough maidenied this Fokker Eindecker that was built by the late Floyd Katz. Mike replaced the 1/4 scale servos with modern ones and added a Saito 1.20 for power and the perfect CG.
