Monthly Recap

June in Review

Summer is here! The days are long and the grass is ... well, it's wet. The main part of the field has been great, but the far east and west sides haven't yet fully dried out from our wet spring.

BEWARE: The city of Milwaukee is hosting the Republican National Convention from **July 15 - 18**. The EAA has posted a draft of the TFR (Temporary Flight Restriction) for those days. I'm not an expert in the wording, but it sounds like UAS operations will be prohibited in a 30 mile radius of downtown. Check the final TFR prior to that week. Here is a link to the draft:

REMINDER: July 20th is the **SWARM Friend Fly** (with a rain date set of July 21). The field has been reserved exclusively for rotor-craft use. You are welcome to participate or just watch.
