At the Field

Holiday Party and Nominations

Getting to the field: Have you noticed the flags are gone at Point After on the corner of Rawson and 76th? Please put them back up! Some of us use them to gauge flying conditions on the way to the field!

President **Tim Sorensen** got some ski plane flying on Christmas day with his Ultra Stick. We didn't get much snow yet, but it was just enough.

**Reminder:**

Please renew your AMA membership and field license if you have not done so already. You need to have AMA coverage for all of 2025 to be able to apply or renew your RAMS field license.

At the Field, part II

Warm December Flying

And just like that, it's 50 degrees in December...

New member **Rick Brautigam** joined us in August and is flying a foamy Stinson Reliant and a balsa .15 glow powered plane.

David Gonzalez is also taking advantage of the rare weather by getting the first couple of flights on his FMS P-47 and getting the Hobby King Albatross ready for the snow.
