Monthly Recap

January in Review

At the last meeting, the nominated officers were “voted” into their positions and they are listed to the left.

As members are renewing their field licenses, please remember you must have full AMA coverage for all of 2025. If your AMA expires in September, for example, you can call them and buy coverage for the remaining months of the year to sync your membership with the calendar year.

We want to thank **Greg Dake** for giving the club a donation along with his membership dues.

January was pretty cold and a record dry month for Wisconsin. In fact a lot of the country to our South saw some snowfall this month. Even the Blue Angels were not lucky enough to avoid the snow. Do you think they keep window scrapers in their jets?
