Monthly Recap

June in Review

The club will be offering RAMS t-shirts and zip-up hoodies to purchase. **Tim Sorensen** will be sending out an email to get an order from those who want one.

Phil Schumacher mentioned he received an email from the AMA with their safety manual. It's not very long and may be worth a look. It can be found here: <https://www.modelaircraft.org/sites/default/files/documents/100.pdf>

A Great Planes Sportster Bipe 40 kit was donated to the club for **Bob Glowienka** to show our appreciation of all his hard work caring for the field. Thank you Bob!

Monthly Recap Continued...

Show and Tell & At the Field

Mike St. John brought in his newly built Nieuport 28 WWI biplane from Balsa USA. It is 1/6 scale, 54 inch wingspan, and powered by a Saito 62. Great work!

David Gonzalez maidenied his Avios PBY Catalina. It's a new release from HobbyKing with a 75 inch wing, including retractable wing floats. It runs off a 4s 4000 and took off from the grass no problem.
