Monthly Recap

February in Review

At the last meeting we set some important dates for later in the year. You'll be reminded of these later on, but it's never too early to get these on your calendar.

- July 18th (rain date July 19th) SWARM Helicopter Only Fun Fly
- September 12th (rain date September 13th) RAMS Picnic

For show and tell, **Mike St. John** brought in a Phaeton II by Balsa USA that be built from a kit. It's almost done and powered by a Saito 62.

Call to Action

Milwaukee RC Association Meeting

Here's a few updates from the Milwaukee RC Association meeting.

- The association is looking for someone to fill the Vice President officer position. The association only meets twice a year and the officers may help with field improvement grants and making decisions about the annual swap meet. Our own **Alan Borowski** is the Association Treasurer/Secretary. If you are interested in volunteering, contact Alan at our meeting, through IOGroups, or via the contract form on our [website](#).
- Our AMA District 7 Vice President, **Randy Gibson**, attended the meeting and is looking for volunteers to help work the AMA RC flight simulator trailer at EAA Airventure this summer. He is hoping to move the trailer from the Ultralight area to Kidventure to increase foot traffic. This is a fun opportunity to work with kids, promote the hobby, and our club. Contact Randy if you are interested. His contact information is located on the AMA website [here](#) or you may call the AMA main line.
- The Circle Masters club is also involved in helping with control line demonstration flights at Kidventure and are also looking for volunteers during EAA Airventure. Chris Sterner is the person to contact if you are interested in that. His contact information is also located on the AMA website [here](#).

As a reminder EAA Airventure 2026 is scheduled for July 20 through July 26.
