The RAMS Horn

Club Event

RAMS Members' Picnic

The annual RAMS members' picnic will be held on **Saturday, September 12th**, with a rain date on Sunday the 13th. The club will provide lunch and drinks. Feel free to bring a dessert or something else you would like to share. We hope to see as many members as possible for a great day of fun, friends, and flight!

Alas, summer is over, but there is still plenty of time to fly in the fall, and there are lots of events coming our way.

Monthly Recap

August in Review

Unfortunately your editor didn't make it out to the field at all in the month of August, so I have nothing to share about what's been happening.

Several of us were wondering back in May about if the Lodi club would have their annual swap meet. They have moved it to September, but double unfortunately, it is on the same day as our picnic. Although maybe some of you will pull double duty and attend both.

Wait, what? Flying Electrons is having a swap meet on our picnic day too? What is a guy to do?

I was looking back through some pictures and was reminded that it has been a year since the historic crest of the Root River and massive flooding we had at the field. Thankfully this year has been much better.
