Monthly Recap

October in Review

At the last meeting, we had a donation of two planes from **Ralph Berginz**, and former club member who is getting out of the hobby.

Tim Welch won a foamy Beaver, and has already got it out flying. **Dave Lane** won a Great Planes Escapade and may try to fly it using electrons. Thank you Ralph!

We also had two planes for show and tell. **Roy Hibbert** brought in his newly assembled Great Planes Sportster that he converted to electric power. **Tom Ryan** brought in his Habu EDF, which has some sensors on the bottom to bring it in for a smooth landing.

AROUND THE AREA

Swap Meet
Fox Valley Aero Club
St. Charles, IL
foxvalleyaero.com

It's never too early to think about renewing your AMA membership to make sure you have coverage for all of 2027. You must be covered for the full year to apply or renew your RAMS field license.

Club Event

Dawn Patrol

The RAMS Club Dawn Patrol returns this year! This is an opportunity for club members to socialize as we may not be seeing much of each other due to the approaching cold weather.

The first get together is schedule for **November 17th at 9AM**. This will be at The Forum restaurant at 4711 108th St, Milwaukee. (I suppose Hales Corners is officially just South of there). Subsequent gatherings will be planned for the 3rd Tuesday of the month.

Full Scale Events

Christmas in the Air

Mark your calendars for **December 5th, 10 AM - 3 PM** when the EAA Museum in Oshkosh will hold their annual Christmas celebration. It's fun for all ages and topped off with Santa making his arrival to the museum by helicopter.

The EAA has also added 6 new aircraft exhibits to the museum. So things may be moved around a bit, but this could be a good chance to see that too, which includes a Curtiss P-40 and Consolidated PBY-5A Catalina.
